## BS120

FLUORESCENT (T5)

2' - 4'  
WET/IP66

Surface / Suspended  
Luminaire

**Application:** The CASTOR BS120T5 linear fluorescent design provides ultimate durability and performance. Constructed with heavy duty 20 gauge steel and finished in a white powder coat. The BS120T5 integrates a deep cavity bonded, anti-aging gasket that provides 100% protection from moisture. The impact resistant tempered safety glass is held in place by stainless steel latches. The CASTOR BS120T5 is available in 2ft and 4ft versions. Internal emergency back up is available. The CASTOR BS120T5 is ideal for warehousing, parking structures, schools and canopies.

**HOUSING:** Deep draw die formed 20 gauge steel with cavity bonded anti-aging gasket. White powder coat finish.

**REFLECTOR:** Direct mount dual parabolic high emission reflector. Direct mount reflector configuration supports all electrical components.

**DIFFUSER:** Impact resistant 4mm thick tempered glass; held in place with six (2 ft unit) or eight (4 ft unit) stainless steel latches. Two latches as capture clips.

**LAMP/SOCKET:** Four (4) T5 ratchet type sockets with Beghelli T5 adaptor extenders.

**MOUNTING:** Surface mount configuration as standard. Optional (AC) aviation cable, adjustable and (PK) pendant mounting are available. Required mounting height to be specified.

**POWER LINE/FEED:** 3-wire, solid type 18awg, pre-stripped 12" leads for quick in-field connection.

**EMERGENCY (SA):** Integral emergency ballast to operate one (1) lamp for a minimum duration of 90 minutes. Reflector mounted monitor indicator and test switch. (SA) for AC & emergency operation. The (SA) version is only available with either 120V or 277V inputs, (consult factory for 347V).
